

CHCHAPTER 1: WHEN THE SKY SHATTERED

Across

3. intense fear or dread.
5. visible masses of condensed water vapor floating in the sky.
7. far away in space or time.
8. the act of moving downward or falling from a higher position.
12. the enclosed space in an aircraft or ship where passengers or crew stay.
13. a person who operates and controls an aircraft.
16. an international radio distress call for help in an emergency.
17. a vast body of saltwater that covers most of the Earth's surface.
18. a colorless, odorless gas essential for human breathing and combustion.

Down

1. the line where the earth's surface and the sky appear to meet.
2. the height of an object or place above sea level.
4. a sudden, unexpected situation requiring immediate action.
6. rapid back-and-forth movements that shake an object or surface.
9. broken into many small pieces; destroyed or badly damaged.
10. a sudden shaking or trembling movement from fear, cold, or shock.
11. the force of one object coming into contact with another.
14. sudden uncontrollable fear or anxiety, often causing irrational behavior.

19. irregular or violent movement of air, water, or another fluid.

20. complete disorder and confusion.

15. a sound, action, or device that conveys information or instructions.
